As gevolg van duiwe wat verwissel het van eienaar en die program dit nie kon optel nie, het daar twee deelnemers ingeskuif in die 1ste 30 plekke. Daarom sal dit effens verskil soos aangedui op die webblad.

On account of "not sold" pigeons being taken over by new owners and the program not able to adjust the velocities in the name of the new owner, two pigeons have moved into the 1st 30 positions. Therefore the results differ slightly from those advertised on the website.
